BLAUBURGUNDER – PINOT NOIR JANSEN

WINE DENOMINATION

Pino Noir "Jansen" DOC

GRAPE

Pinot Noir

WINE GROWING AREA

The vineyard is situated in the "Unterland" area close to the village of Montan. The grapes are grown over Guyot-system trellises at an altitude of 450 - 600 metres. The gravelly clay soil gives this wine its quintessential minerality.

HARVEST AND YIELD

The grapes for this Pinot Noir reach their ideal stage of ripeness in early to mid September when they are picked by hand to produce a yield of 65 hectolitres of wine per hectare.

VINIFICATION

After the traditional maceration of the Pinot Noir grapes in open fermentation tanks, the wine is aged in large wooden barrels and small barriques.

WINE DESCRIPTION

This Blauburgunder Jansen is a classic Pinot (Burgundy) with the typical hints of raspberry in the nose, garnet red in colour, elegant and structured on the palate.

RECCOMENDED WITH

This Pinot is a great accompaniment to grilled red meat and mature cheeses.
